CONTACT: Gregory R. Stockton, CEO

Stockton Infrared Thermographic Services, Inc. (SITS), a leading provider of infrared thermographic services, has an immediate opportunity for a pilot in the Orlando, Florida area. We are currently recruiting a pilot to assist in growing [AITscan™, our Aerial Division](http://www.stocktoninfrared.com).

Duties include conducting aerial thermography operations and analyzing interpreting digitally-recorded imagery with various techniques, including IR imagers such as Indigo Phoenix. The position requires knowledge and use of software such as JAM and Map Tech.

ABOUT US: Stockton Infrared Thermographic Services, Inc., was founded in 1989 by company CEO Gregory R. Stockton, and has grown to include seven application-specific service divisions. SITS is an industry leader and has developed a reputation as an innovator of infrared thermographic applications.

To learn more about our company, please visit our website at www.stocktoninfrared.com. To learn more about AITscan™, please visit www.aitscan.com. If you are interested in growing with us, please visit <http://www.stocktoninfrared.com/news/IrtRecruiting.htm> to submit your contact information to us or contact us at 1-800-248-7226.

Please respond by mailing your resume to: Gregory Stockton, SITS, 8472 Adams Farm Road, Randleman, NC 27317.
